

Date

Define a Problem Statement and give a brief executive Summary Snapshot.

- A) Executive Summary
- B) Project description
- C) Project Scope

### Executive Summary .

India is well developed country . In India many people lives everywhere From that one place like Jammu & Kashmir . In Jammu and Kashmir winter is to much . That why new born baby are kept in Incubator . because temperatur is to low there . many people a part or stay away from Hospital and they donot reach Hospital on time because of road was not proper or road was cover by ice spread on road . That why New born babys are died

### Introducing you "Feast of Friends"

We have developed a Small incubator which will offering it Free , it will no need of electricity and it should be light weight it carry anywhere and it can also portable to everyone . It is not to big or small which will be handable to everyone from one place to another place

## \* Project description :-

As we promised earlier our product is primary focused on basic need for children which help them. baby should comfortable in incubator. and final we try make a small or tiny heating bag for children and women can easily used it.

- To protect children from dieing
- We have to developed a incubator

## Project Scope :-

- It can be affordable or free deliverable
- From this we ~~eh~~ can help many people children life.
